Brand New Book ***** Print on Demand *****.Excerpt from Poetical Works, Vol. 1: Of Sir Walter Scott, Bart The poems in this selection begin not with any of the larger poems by which Scott made his reputation, but with the ballads in which he first made trial of his powers. It was in 1796, in the height of a passing fashion for ballad poetry, that he made his first modest bid for poetic honours with a thin quarto containing two ballads from the German of Burger, The Chase, or The Wild Huntsman, and William and Helen, published at the request of friends. He was then a young Edinburgh advocate or barrister, in his twenty-fifth year, the sou of a Writer to the Signet, with good prospects in his profession, influentially connected, personally popular among the rising men of his own age at the bar. It seems that it was with no small fear of damaging his professional character and prospects, and incurring the ridicule of his companions, that he ventured to appear before the public as a poet. Years afterwards, looking back on his career when near the close of it, and moralising on the smallness of the circumstances that shape human lives, he explained, with characteristic modesty and humour, how he gradually drifted out of the ambition of his profession into literature. He had been from boyhood a great reader of history and poetry, especially romantic poetry, his passion for this last carrying him so far beyond the bounds of ordinary novel-reading youth as to induce him to learn Old French, Italian, and latterly German, when he had exhausted the stores of his own language.
