Published first in 1841 in Essays and then in the 1847 revised edition of Essays, Self-Reliance took shape over a long period of time. Throughout his life, Emerson kept detailed journals of his thoughts and actions, and he returned to them as a source for many of his essays. Such is the case with Self-Reliance, which includes materials from journal entries dating as far back as 1832. In addition to his journals, Emerson drew on various lectures he delivered between 1836 and 1839.
