This type of publication is almost everything and helped me looking forward and much more. I am quite late in start reading this one, but better then never. You wont really feel monotony at whenever you want of your own time (that's what catalogs are for relating to if you ask me).

iUniverse. Paperback. Book Condition: New. Paperback. 466 pages. Dimensions: 9.0in. x 6.0in. x 1.2in.In this explosive and compelling book, author Brian Desborough explores the activities of the thirteen interconnected family bloodlines that collectively comprise the secret group known as the Illuminati. His years spent aiding survivors of Satanic ritual abuse and mind control has provided the author with an in-depth knowledge of Illuminati history and their future plans for the human race. The culmination of three decades of intensive research, this provocative book is designed to take readers out of their comfort zone and examine the historical and archaeological data, which reveal that: Israel was created not by illiterate pastoralists, as is claimed by biblical scholars, but by skilled Kenite copper smelters. The Dead Sea Scrolls were not written at Khirbat Qumran. The Temple Mount is not the site of the Temples of Solomon and Herod. Applying a synthesis of history, politics, science and covert intelligence sources, the author explores such diverse subjects as mind control, advanced energy systems, terrestrially constructed flying saucers, extraterrestrials, and the planned double-cross of the western Illuminati factions by China and Russia. Oriented toward both the scholar and layperson, this revealing book is a must read for those interested in history, politics or high technology. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
